Ngā āheitanga matua – Key Competencies

Competencies are the skills, knowledge, and attributes required to be fully competent in this position. There will be a program available for appointees to meet competencies where a need for continued development is identified. For the purposes of selection, essential competencies have been identified, and decisions will be made based on the ability of applicants to meet these.

Qualifications and Experience

The Clinical Services Advisor, Housing role provides expertise to Enable New Zealand’s customers to meet contractual requirements held by Enable New Zealand. Therefore, the role requires a high level of both clinical competency and commercial acumen to be successful.

Essential

- New Zealand registered Occupational Therapist, BOT, BHS OT, or relevant overseas qualification.
- A passion for and experience in providing clinical advice for housing modifications for a variety of conditions, circumstances and people i.e. experience working across a broad range of conditions and workplace accidents/injuries, spinal cord injuries, birth trauma, amputees, older adult, fractures and trauma injuries, brain injury.
- Motivation to support colleagues working in community settings across Aotearoa to do their best work.
- Excellent judgement especially around issues management, and ability to solve/resolve a situation.
- Well-developed listening skills, including the ability to listen (a variety of key stakeholders with diverse backgrounds), understand the situation and then provide the necessary support utilising a non-judgemental, strengths-focused approach.
- Interest in housing and the impact the environment has on people’s occupations and roles.
- Ability to read a set of plans and have some awareness of the design and construction process.

- Demonstrated experience working in an interdisciplinary team with designers, PMs, OTs, PTs, contractors, clients/customers, ACC, and other key stakeholders.
- Demonstrated experience in a commercial setting and applying commercial principles.
- Experience with development, implementation, and evaluation of diversifying income and commercial interests.
- Excellent work practices that flex to accommodate fluctuating work volumes.
- High level of experience working across government agencies and associated contracts, demonstrating an ability to meet contractual requirements aligned with organisational success.

Desirable

- Experience providing clinical education, support, and direction to health services or community groups
- Experience of working with manufacturers and suppliers of assistive technology for people with disabilities or who have an injury related need.
- Experience in monitoring and supporting process improvement and project work
- Relevant post-graduate qualification
- Understanding of the following tools: task analysis, utilising the OT problem-solving process, and EBP: five fingers model.
- Expert knowledge in the following areas of practice: housing modifications, equipment (including wheelchairs and seating and 24-hour positioning), adaptive technology (voice-activated software, google, iPad, laptops, specialised communication equipment, controls (buttons, etc.) and control sticks, automation in the home, and sensors).
- Experience in facilitating ACC contract work.

Physical Attributes:

Under the Human Rights Act 1993 discrimination based on disability is unlawful. Enable New Zealand Limited will make all reasonable efforts to provide a safe and healthy workplace for all, including persons with disability.

Every effort has been made to outline requirements clearly. If a potential applicant has uncertainties about their ability to fulfil these physical requirements, enquiry should be made whether it would be possible to accommodate a particular issue by obtaining advice from the General Manager, People and Culture (or similar).
